Assessment Instruments

In preparation for Leadership Flight School you may be asked to complete Assessment Instruments or updates to your Assessment Instruments. These instruments are designed to measure “who you are”, your leadership style, and where you are in your development. If you need to update your assessments, Karen Spicer, our Assessment Coordinator, will email you a link and password to the on-line system.

You will receive a copy of your updated results at the beginning of class, however if you have been profiled by us before, please bring your Bartell Assessment Portfolio along with you to class.

The Assessments you receive may include:

- **The Bartell Temperament Inventory** - the foundation on which personality forms; measures dominance and recessiveness of four temperaments
- **The Profile** - measures more enduring aspects of personality
- **PVA** - measures personality dynamics; a snapshot of an individual's development.
- **WPSP** - an individual's response to 10 different organizationally induced stressors.
- **Leadership Alignment Index** - measures dominant leadership style and effectiveness.
- **Conflict Management** - and individual's approach to dealing with conflict.

All of the above instrument results come together to form your Personal Assessment Portfolio, which will help answer questions, such as:

- What are my strengths that I can build as a leader?
- What are my underdeveloped areas and how can I improve them?
- Do I have any qualities that could inhibit effective leadership?
- How can I better align myself with team members?
- What are my dominant traits?
- How does my style impact those I work with?
- What Leadership Areas do I need to develop?

If you have any questions about assessments, Please feel free to contact Karen Spicer at 814-861-6606 or Karen.spicer@bartellbartell.com.
